BLADES

Cool Cut Technology

Look for the Q, for iQ Quality
Blade choice makes a difference. At iQ, we understand finding the perfect match between the saw, the blade and the material is crucial. We offer products in each range of durability to meet the demands for the job at hand. iQ diamond blades are rigorously tested to provide a clean and precise cut every time. We also offer adapters to our Q-Drive blades so that they can be used on other saws. Check the blade packaging for details.

RIGHT BLADE FOR THE JOB

For over three decades, we’ve been in the industry with you - improving, evolving and innovating. The one thing that has stayed constant has been the quality of our work and our dedication to providing you with the best tools in the industry.

PUTTING THE “Q” IN QUALITY

Our innovation doesn’t stop at saws. Through years of experience and testing, we have perfected our proprietary blades with the perfect ratio of high diamond to metal powder concentration. iQ Diamond Tools exceed the demands of the professional contractor. Optimized for strenuous work environments and designed with unparalleled durability, iQ Diamond Tools get the job done - cutting materials from hard ceramic tiles to highly abrasive bricks and blocks with speed, ease and precision.

When you see the “Q” seal of quality, you can be sure that it is backed by over three decades of industry experience and quality workmanship.

SILENT CORE

Integrated silent core technology allows our blades to cut 50% more quiet than other blades.
Cool Cut Technology is our proprietary composition of diamond concentration, metal type, and flange thickness that cuts cool while reducing vibration and movement. This technology, combined with the built-in vacuum on iQ saws, keep the blade cool while cutting. The vacuum system also removes the cutting debris so the blade is not regrinding the same material, reducing friction and heat.

Material Testing

iQ Power Tools is committed to quality products. Testing is paramount to meet our quality objective. We literally make tens of thousands of cuts when designing each blade. We’re continuously listening to customer feedback and researching new materials in our blade development.

Arrayed Diamond Pattern

Our proprietary 16.5” Q-Drive iQ Arrayed Diamond Blades incorporate the latest in diamond tool technology. The iQ arrayed diamonds make for faster, more consistent cutting speeds. When one row of diamonds begins to wear out, there is a 2nd row right behind it that’s ready to cut.
**IQ PREMIUM DIAMOND BLADES**

**16.5" | MASQX16-125-QD-KP**  
Segmented Combo Blade  
Concrete, Brick, Block, and Pavers  
SAW: IQMS362, IQ1016  
SPECs: 16.5"x.125  PRICE: $249

**16.5" | MASQX16-125-QD-HM1**  
Segmented Hard Brick Blade  
Hard Brick and Pavers  
SAW: IQMS362, IQ1016  
SPECs: 16.5"x.125  PRICE: $299

**16.5" | MASQX16-125-QD-HM2**  
Segmented Hard Concrete Blade  
Hard Concrete and Pavers  
SAW: IQMS362, IQ1016  
SPECs: 16.5"x.125  PRICE: $299

**16.5" | MASQX16-125-QD-HM3**  
Segmented Super Hard Material Blade  
Extra hard Concrete, Stone, Granite, Brick, Pavers  
SAW: IQMS362, IQ1016  
SPECs: 16.5"x.125  PRICE: $329

**14" | MAS14-125AG**  
Gold Laser Welded Blade  
Concrete, Brick, Block, and Pavers  
SAW: IQ1020, IQ1030  
SPECs: 14"x.125  PRICE: $99

**14" | MAS14-125AP**  
Platinum Silent Core Blade  
Concrete, Brick, Block, and Pavers  
SAW: IQ1020, IQ1020  
SPECs: 14"x.125  PRICE: $230

**14" | MAS14-125AP-QT**  
Platinum Turbo Combo Blade  
Concrete, Brick, Block, and Pavers  
SAW: IQ1020, IQ1020  
SPECs: 14"x.125  PRICE: $270

**14" | SB14-125AP-TC**  
Silver Segmentated Blade  
Concrete, Brick, Block, and Pavers  
SAW: IQ1020, IQ1020  
SPECs: 14"x.125  PRICE: $199

**12" | SB12-125AS**  
Platinum Segmented Blade  
Concrete, Brick, Block, Pavers, and Asphalt  
SAW: IQ1020  
SPECs: 12"x.125  PRICE: $99

**12" | SB12-125AP**  
Platinum Segmented Blade  
Concrete, Brick, Block, Pavers, and Asphalt  
SAW: IQ1020  
SPECs: 12"x.125  PRICE: $180

**10" | TLD10-060P-QD-COMBO**  
Combination Blade  
Marble, Porcelain, Granite, Stone, and Ceramic  
SAW: IQTS244  
SPECs: 10"  PRICE: $99

**10" | TLD10-060P-QD-HARDMAT**  
Hard Material Blade  
Granite, Porcelain, and other Hard Materials  
SAW: IQTS244  
SPECs: 10"  PRICE: $99

**NEW**  
DRESSING STONES  
A dressing stone is solid block made from a mix of extremely hard abrasives. When cut through by a diamond blade, the abrasives expose new diamonds and sharpen the blade.

Dressing the blade is essential to maintaining the life of a diamond blade. After a large number of cuts, or when switching from different materials, dressing the blade will remove build up on the segments, and expose fresh diamonds allowing your blade to cut sharper and faster without putting pressure on the saw motor.
